At The Engine Rooms, we offer a unique combination of exceptional event spaces and fantastic dining experiences. But it's important to note how these elements work together when planning your event.

Whether you're hosting a corporate event, wedding, birthday, or private celebration, our catering ensures your guests enjoy an exceptional dining experience.

## 67Sourdough & The Dining Room

Our 67Sourdough kitchen is located in the Dining Room, meaning this space is not always available for private hire during restaurant hours. If you're considering booking an event at The Engine Rooms, we recommend discussing your timing and requirements with our team to ensure a seamless experience.

## Showroom Seating & Shared Spaces

To enhance the dining experience at 67Sourdough, we also offer tables and chairs in the Classic Car Showroom. While this adds to the ambiance and allows guests to dine in a truly unique setting, it also means that some events may overlap with restaurant operating hours.

## Exclusive Venue Hire

For those looking to rent the entire venue exclusively, we offer the option to book out the entire Engine Rooms space, including the Dining Room and Showroom, ensuring complete privacy and flexibility for your event. Whether you're hosting a large corporate gathering, wedding, or private celebration, our team can work with you to create a tailored experience.

# TESTIMONIALS

We had the most wonderful wedding reception at the engine rooms! The venue is a beautiful space and the car showroom is a very cool added bonus for a party. On the night the girls (Sonya particularly) really did a lot to help out and make things run smoothly. Would definitely recommend to anyone looking for a unique party venue with a twist :) - **EDA**

I ran an event at the Engine Rooms a few weeks ago and had a great experience. The team worked quickly pre event to support the short notice enquiry, were warm and welcoming on site and the venue space is great. Recommend for smaller auto events, it's a bonus to have such a beautiful display of high end vehicles in the same building. Absolutely recommend.

We recently held an event at The Engine Rooms which was fantastic. After using hotels for years, we were really excited to find something unique, but still really practical. The engine rooms delivered on this, The feedback from our attendees was superb, and the team couldn't do enough. The food was also fantastic, especially the potato salad and the poached salmon! Thank you so much for having us. We look forward to returning. - **JAKE**
